

To All Our Invaluable Remarketing Colleagues,

More than ever, the focus of FCA Remarketing is on providing you with vehicles that reflect efficient performance and occupant comfort. Nowhere is this better seen than in our Daily Rental portfolio — an area that encompasses nearly every vehicle we design and build.

For 2016, our progress reflects many standout developments.

Our focus on fuel-efficiency matched with performance pays off in features like our **eight- and nine-speed automatic transmissions & MultiAir® technology.**

We are committed to one ideal: provide the quality in service that matches the quality of our vehicles. On that note, each and every 2016 Daily Rental is backed with the remainder of our **5-Year/100,000-Kilometre Powertrain Limited Warranty.**

While we're obviously pleased at these — and many more — developments, certain commitments are always going to be part of our business thinking. To be entirely candid, we value your partnership with us, and we never take your business for granted.

Sincerely,

Ken Tuckey
Senior Manager, National Fleet and Commercial Vehicles
